### The Center for Christian Counseling and Care, PLLC

1 West 10<sup>th</sup> Street, Shawnee, OK 74801-6801 Phone: 405-275-2222 Fax: 405-275-7740

The Center for Christian Counseling and Care facilitates mental, emotional, relational, and spiritual health in individuals, couples and families through counseling, education, and related services. This is our ministry. We do not seek to impose doctrine or our own theological views on our clients but will certainly seek to utilize our clients' own faith understandings if they can be beneficial for treatment.

#### CONFIDENTIALITY

Confidentiality means that therapists have a responsibility to you to safeguard information obtained during treatment. It is important that you understand that all identifying information about your assessment and treatment is kept confidential. Even within the agency, information about your case is only shared with those other therapists who might be able to enhance the services you receive.

In order to protect your confidentiality, any written, telephone, or personal inquiries about clients will not be acknowledged. You must sign a release of information before any information about you is given outside the agency. In order for us to coordinate our treatment with other mental health or medical professionals, we will ask you to sign a release of information to allow us to discuss or correspond with other professionals who may have been involved in your care.

It is important that you understand that the laws of the State of Oklahoma mandate exceptions to confidentiality in specific cases. In certain situations, mental health professionals are required by law to reveal information obtained during therapy to other persons or agencies without your permission. Also, in these situations we are not required to inform you of our actions.

- 1. A mental health professional is required to report suspected child abuse or neglect and to report suspected abuse of the disabled or elderly.
- 2. A mental health professional is required to disclose information to law enforcement personnel in order to protect the client or others when there is a high probability of imminent physical injury.
- 3. A mental health professional may be required by the court to disclose treatment information in proceedings affecting the parent-child relationship.
- 4. A mental health professional may disclose confidential information in proceedings brought by a client against a professional.
- 5. There is no confidentiality of mental health information in connection with criminal proceedings, except communications by a person voluntarily involved in a substance abuse program.
- 6. In the treatment of a minor client, a mental health professional may advise a parent or guardian of a minor, with or without the minor's consent, of the treatment needed by or given to the minor.

### **COURT PROCEEDINGS**

It is not the mission of The Center for Christian Counseling and Care to speak on behalf of our clients in current or potential court proceedings. Ethical and legal standards established by mental health professional licensing boards prohibit therapists from testifying as expert witnesses on behalf of their clients, as the nature of the therapist-client relationship inherently biases the therapist toward the client and any testimony can be potentially damaging to the therapeutic relationship. If you feel that you are involved in a case that has the potential to go to court, or you need an independent, objective psychological assessment for court purposes, please let the therapist know so that we can offer you the appropriate referral. In the event that the therapist is subpoenaed to testify in court on behalf of a client, the client will be charged, in advance, a fee of \$150 per hour for the therapist's time. We will require a \$1,000 retainer fee after being subpoenaed and will issue a check back to clients for any hours not used in preparing for court, time travel to court, waiting in court to testify, and hours missed counseling other clients while in court.

#### THE RISKS OF COUNSELING

To allow you to make an informed decision about your treatment, please understand that you may experience discomfort, such as anger, depression, or frustration during therapy as you remember and therapeutically resolve unpleasant events. Seeking to resolve concerns between family members, marital partners, and other persons can similarly lead to discomfort as well as relationship changes that may not be originally intended.

The Center for Christian Counseling and Care is not an emergency service. Our therapists are not able to return your calls immediately or schedule you for immediate treatment. In the event of an emergency, please call 911 or go to the nearest emergency department.

The greatest risk of counseling is that it may not by itself resolve your concerns. We do our best to assess progress on a week-to-week basis. If a situation fails to improve or a situation deteriorates, we will provide referral to another professional for consultation or treatment.

### **BENEFITS OF COUNSELING**

Counseling has proven, in extensive outcome studies, to be successful in treating and helping individuals, couples, and families resolve: feelings of depression, failure, anxiety, or loneliness; unmanageable anger, hostility, or violence; persistent difficulty coping with stresses arising from life crises, such as death, divorce, acute or chronic illness, or unemployment; persistent problems with a child's behavior, school adjustment, or performance; chronic work difficulties or frequent job changes; alcohol or drug abuse; repeated financial difficulties; persistent feelings of dissatisfaction with marriage or family life; sexual concerns; and drastic weight fluctuations or irregular eating patterns.

### **FEES AND APPOINTMENTS**

The Center for Christian Counseling and Care accepts most insurance as well as SoonerCare and an array of Employee Assistance Programs (EAP's). Services may be covered in full or in part by your health insurance or employee benefit plan. You may want to contact your insurance provider to determine eligibility and coverage. Payment is expected at the time services are rendered.

Therapy sessions are by appointment only. If you do not show up for your scheduled therapy appointment, and you have not notified us at least 24 hours in advance, you will be subject to a missed appointment charge equal to a full session fee.

### **TERMINATION OF THERAPY**

If a situation fails to improve or a situation deteriorates, we will provide referral to another professional for consultation or treatment. If a problem is outside the boundaries of our competence (legal issues, financial planning, medication questions, etc.), we will refer you to another professional. You may leave therapy at any time. If you decide to discontinue therapy, please discuss your decision with your therapist.
