The Center for Christian Counseling and Care facilitates mental, emotional, relational, and spiritual health in individuals, couples and families through counseling, education, and related services. This is our ministry. We do not seek to impose doctrine or our own theological views on our clients, but will certainly seek to utilize our clients' own faith understandings if they can be beneficial for treatment.

CONFIDENTIALITY

Confidentiality means that therapists have a responsibility to you to safeguard information obtained during treatment. It is important that you understand that all identifying information about your assessment and treatment is kept confidential. Even within the agency, information about your case is only shared with those other therapists who might be able to enhance the services you receive.

In order to protect your confidentiality, any written, telephone, or personal inquiries about clients will not be acknowledged. You must sign a release of information before any information about you is given outside the agency. In order for us to coordinate our treatment with other mental health or medical professionals, we will ask you to sign a release of information to allow us to discuss or correspond with other professionals who may have been involved in your care.

It is important that you understand that the laws of the State of Oklahoma mandate exceptions to confidentiality in specific cases. In certain situations, mental health professionals are required by law to reveal information obtained during therapy to other persons or agencies without your permission. Also, in these situations we are not required to inform you of our actions.

1. A mental health professional is required to report suspected child abuse or neglect and to report suspected abuse of the disabled or elderly.
2. A mental health professional is required to disclose information to law enforcement personnel in order to protect the client or others when there is a high probability of imminent physical injury.
3. A mental health professional may be required by the court to disclose treatment information in proceedings affecting the parent-child relationship.
4. A mental health professional may disclose confidential information in proceedings brought by a client against a professional.
5. There is no confidentiality of mental health information in connection with criminal proceedings, except communications by a person voluntarily involved in a substance abuse program.
6. In the treatment of a minor client, a mental health professional may advise a parent or guardian of a minor, with or without the minor's consent, of the treatment needed by or given to the minor.

COURT PROCEEDINGS

It is not the mission of The Center for Christian Counseling and Care to speak on behalf of our clients in current or potential court proceedings. Ethical and legal standards established by mental health professional licensing boards prohibit therapists from testifying as expert witnesses on behalf of their clients, as the nature of the therapist-client relationship inherently biases the therapist toward the client and any testimony can be potentially damaging to the therapeutic relationship. If you feel that you are involved in a case that has the potential to go to court, or you need an independent, objective psychological assessment for court purposes, please let the therapist know so that we can offer you the appropriate referral. In the event that the therapist is subpoenaed to testify in court on behalf of a client, the client will be charged, in advance, a fee of \$150 per hour for the therapist's time. We will require a \$1,000 retainer fee after being subpoenaed, and will issue a check back to clients for any hours not used in preparing for court, time travel to court, waiting in court to testify, and hours missed counseling other clients while in court.

THE RISKS OF COUNSELING

To allow you to make an informed decision about your treatment, please understand that you may experience discomfort, such as anger, depression, or frustration during therapy as you remember and therapeutically resolve unpleasant events. Seeking to resolve concerns between family members, marital partners, and other persons can similarly lead to discomfort as well as relationship changes that may not be originally intended.

The Center for Christian Counseling and Care is not an emergency service. Our therapists are not able to return your calls immediately or schedule you for immediate treatment. In the event of an emergency, please call 911 or go to the nearest emergency department.

The greatest risk of counseling is that it may not by itself resolve your concerns. We do our best to assess progress on a week-to-week basis. If a situation fails to improve or a situation deteriorates, we will provide referral to another professional for consultation or treatment.

BENEFITS OF COUNSELING

Counseling has proven, in extensive outcome studies, to be successful in treating and helping individuals, couples, and families resolve: feelings of depression, failure, anxiety, or loneliness; unmanageable anger, hostility, or violence; persistent difficulty coping with stresses arising from life crises, such as death, divorce, acute or chronic illness, or unemployment; persistent problems with a child's behavior, school adjustment, or performance; chronic work difficulties or frequent job changes; alcohol or drug abuse; repeated financial difficulties; persistent feelings of dissatisfaction with marriage or family life; sexual concerns; and drastic weight fluctuations or irregular eating patterns.

FEES AND APPOINTMENTS

The Center for Christian Counseling and Care accepts most insurance as well as SoonerCare and an array of Employee Assistance Programs (EAP's). Services may be covered in full or in part by your health insurance or employee benefit plan. You may want to contact your insurance provider to determine eligibility and coverage. Payment is expected at the time services are rendered.

Therapy sessions are by appointment only. If you do not show up for your scheduled therapy appointment, and you have not notified us at least 24 hours in advance, you will be subject to a missed appointment charge equal to a full session fee.

TERMINATION OF THERAPY

You may leave therapy at any time. If you decide to discontinue therapy, please discuss your decision with your therapist.

If a situation fails to improve or a situation deteriorates, we will provide referral to another professional for consultation or treatment. If a problem is outside the boundaries of our competence (legal issues, financial planning, medication questions, etc.), we will refer you to another professional.

This form provides a client's informed authorization for use and disclosure of his/her protected health information, including personally identifiable information. This form is required by the Health Insurance Portability and Accountability Act, 45 C.F.R. Parts 160 and 164 (HIPAA) to be completed, signed, and dated by the client prior to the use and disclosure of the client's protected health information, as described below.

*Attention Counselor/Student: Do **NOT** upload this form to Canvas, WebEx Teams, or any similar platform used in connection with a Liberty University course. This form must be maintained securely by both the healthcare provider and the student named below. Remember to also give the client a copy for his/her records.*

Section I – Authorization

I, _____ (client name), understand that my counselor is a graduate student in the master's degree in **Clinical Mental Health Counseling** program and that my counselor is providing my counseling session(s) as a required part of his/her practicum, internship, or externship course requirement for that program.

I authorize **Center of Christian Counseling and Care** (healthcare provider) and **Olquidia Garner** (counselor/student) to video record all or part of my counseling session(s) on _____ (date) and to use and disclose the video recording, including my name and all of my protected health information contained in the video recording, to the counselor/student's practicum, internship, or externship course instructor and students in that course at Liberty University.

Section II – Extent of Authorization

I understand that the purpose of the video recording is for the above-named counselor/student to receive professional training and constructive feedback on his/her counseling skills to improve the quality of counseling services that I (and future clients of the counselor/student) receive. To be specific, once I complete and sign this form, I understand that the above-named counselor/student will upload the video recording of my counseling session(s) to Kaltura and/or WebEx Teams, both of which are password-protected platforms used by Liberty University for educational purposes. The video recording (and a written transcript of the video recording) will be disclosed to and used by the counselor/student's practicum, internship, or externship course instructor and the students in that course for educational and professional training purposes, including a course presentation, a case conceptualization, and a verbatim paper. I understand that my personally identifiable information (e.g., my name) will be redacted from the written transcript and other written assignments, but not redacted from the video recording. I further understand that neither the video recording nor any written assignment will be used for any other purpose or disclosed to any persons outside of the counselor/student's course, as described herein, without my additional written consent, except as permitted or required by law (see Section IV below).

Section III – Effective Period

This HIPAA Privacy Authorization and Release Form is valid and remains in effect until the end of the counselor/student's practicum, internship, or externship course. I understand that the video recording and the written transcript will be deleted at that time. If there is a desire to keep either the video recording or the written transcript for a longer period of time, my additional written consent will be required before doing so.

Section IV – Acknowledgements and Disclosures

I understand that the above-named healthcare provider and counselor/student, as well as the course instructor and students will be required to maintain the same confidentiality as that required by members of the counseling profession. However, I acknowledge that there are certain exceptions to such confidentiality that require disclosure even without my authorization. Such exceptions that may require disclosure include: (1) my threat or act of serious harm to myself or another, (2) my disclosure of abuse of a minor, an elder, or an incapacitated

adult, and/or (3) the issuance of a lawful subpoena, search warrant, or judicial court order that requires disclosure.

I understand that I have the right to revoke this authorization, in writing, at any time. I understand that my revocation will not be effective to the extent that any person or entity has already acted on my authorization. In other words, a revocation of my authorization cannot be retroactive and it will become effective only when my written revocation is received and processed. My written revocation of this authorization must be sent to:

Name: _____

Organization: _____

Address: _____

Email Address: _____

I understand that my treatment, payment, enrollment, or eligibility for benefits will not be subject to or conditioned on whether I sign this authorization. I understand that my decision to sign this form, and therefore to release my protected health information, is completely voluntary.

I understand that, although my information used and disclosed pursuant to this form will be kept confidential and only used as described above, such information may no longer be protected by state or federal law, including HIPAA.
